Our Values

- People first
- Go the extra mile
- We are as one
- Always educating
- Every dollar counts
- Celebrate life and dignify death

Our Funding

We receive approximately 43% of our funding through the Northland District Health Board. The balance is funded through the Hospice Shops and the generosity of the community through donations, fundraising events, and bequests. On an annual basis we need to find an additional \$750,000 to continue to provide Hospice services to people living in the Mid-North area. The effective operation of Hospice Mid-Northland is also dependent upon the continuing support of our wonderful Volunteers.

The Kowhai is the unofficial national flower of New Zealand and is symbolic to Hospices throughout the country with the inclusion of a kowhai in our logos.

TESTIMONIAL

“Thank you Hospice Mid-Northland for allowing my whanau to honour my father with purchasing a kowhai flower and for my whanau to come and visit a quite place and reflect on his memories.”
